Other	PAWS of NE Louisiana, Inc. is a nonprofit 501(c)(3) organization that has been serving the Northeast Louisiana area since 2003. It was founded by local residents who realized the problems that our community faced regarding animal welfare would not go away without intervention and education. We are an all-volunteer organization that is guided by a volunteer board of directors. We do not have a physical location, we do not have paid employees, and we are not a shelter. PAWS is not a branch or division of any national agency. We do not receive tax funding. Our sources of

funding are fundraisers and donations and grants from individuals and organizations. Since its inception, PAWS has grown and flourished thanks to our volunteers, members, and supporters.

SpayNation - low cost spay/neuter services for cats & dogs A dream and goal of WildCat Foundation, 501(c)3 02-0647617, for many years, SpayNation for Dogs & Cats is a low cost, high quality spay/neuter clinic providing sterilization services to the cats and dogs of Acadiana and beyond.

We do what we do because we believe that aggressive spay/neuter is the most efficient, humane and effective method of reducing the homeless and unwanted pet population, which drastically reduces the number of dogs and cats entering shelters and animal control facilities every day. We are working for and towards a community without homeless pets, where all residents have access to high quality, low cost spay/neuter.
